FASTER launches its Mobility programme with 3 visits in April

Last April the project kicked off its Mobility programme offering the possibility to [INRGREF](#) researchers to visit European centres and improve their research activities. The first mobilities took place at [LUND University](#) where Dr. Fethi Bouksila, and the Ph.D students Sana Bouguerra and Nesrine Zemni had the possibility to share their work in the fields of rural engineering, water and forestry. The next staff mobility will take place at [CREAF](#) in the coming weeks.

## FARM ADVISORY SERVICES

Evaluating the FAS in Tunisia: field visits to the study area

The FASTER project and technicians from the [INRGREF](#), in collaboration with [AVFA](#) and the [ODESYANO](#), are meeting with farmers in the project intervention areas (Bizerte, Beja, Jendouba, Siliana and Kef). The ongoing study aims to evaluate the Agricultural Advisory System in terms of adaptation to climate change. Learn more about the field visits organized by the project on [the FASTER website](#).

## NETWORKING

FASTER shares knowledge at the EUREKA Global Innovation Summit 2019

On May 14-16, FASTER joined the [Manchester Global Innovation Summit](#), in the special session "Agriculture in Africa". An opportunity to network, share knowledge and come up with collaborative solutions!

International Conference on Climate Change

On June 13th - 14th, FASTER participated to the [International Conference Cities, Rain and Risk](#) in Malmö (Sweden). The objective of this gathering was the exchange of investigation and results when it comes to tackle the challenges in managing urban flooding, as well as the creation of a network of scientists looking for solutions on adaptation to climate change.

FASTER represented at EU H2020 event: Spreading Excellence and widening participation

The FASTER project attended the meeting about [Research & Innovation programme H2020](#) that took place on June 11th. The Ministry of Higher Education and Scientific Research (MESRS) - Management Unit of the European Program Horizon 2020, in collaboration with the [University of Sfax](#), organized a day of information about the twinning project and the "Dissemination of Excellence and Enlargement of Participation" programme, as part of Horizon 2020.
